

Donor-Advised Fund Checklist for Advisors

We understand that charitable giving is an important part of a donor's overall financial plan. That's why we have created this checklist for advisors who want to help their clients give from a donor-advised fund (DAF) to WaterAid America.

- Speak with your client about how they might like to designate their gift according to what they are passionate about. Our team can provide a list of initiatives and impact areas that match your client's interests.
- Determine the best way for your client to structure a gift from their DAF. Depending on the size of the gift and the project they would like to support, donors may want to consider a combination of outright gifts and multi-year pledges.
- Ask your client if they would like to make WaterAid America an ultimate beneficiary of their DAF. Doing so will allow them to create their legacy of clean water access, hygiene, and sanitation for everyone, everywhere.
- When coordinating a grant to WaterAid America with your client's DAF custodian, please reference the following information:

WaterAid America
233 Broadway #2705
New York, NY 10279
Phone: (212) 683-0430
Email: welcome@wateraidamerica.org
EIN: 30-0181674

We are here to help you and your clients to give with confidence. If you have any questions or need assistance, please do not hesitate to contact us. We look forward to working with you.
